Item	Serial No.	Invoice No.	Fault Description	RMA Issued

RMA number is valid only for items listed on this request form. Physical damage is not covered under warranty. We do not offer a collection service for returns. Please drain the water from pumps before returning. If using parcel service, please close the box or the contents will fall out. Large items (rainwater controllers, VF2-6 filters, etc) or multiple items should be returned on a pallet, packed properly and strapped to the pallet. We accept no liability for damage to goods sustained during return shipping.
